

Plan for analyzing the FY 2015 data

In accordance with the Service Contract Inventory checklist of Submissions, Formats and Deadlines attached to the 12/19/2011 Memo from Daniel I Gordon as revised, the Consumer Product Safety Commission is submitting the identified Special Interest Functions for FY 2014.

The functions are:

- D302 IT Systems development Services and
- D307 Automated information systems services

These are the only two Codes of Interest (D302 and D307) out of the 10 four character services codes with the largest obligation amounts for FY 2015, CPSC intends to analyze both codes above as has been done in the past.

CPSC's analysis will be of the contracts under theses codes.
